

Commercials and marketing video, produced faster with AI-assisted tools

Commercial production, creative advertising and marketing support for businesses in Richmond, Hanover County and nationwide. Directed and edited by people; AI footage is always labeled.

See the work

The Arrival: a 36-second cinematic automotive demonstration commercial produced by HAI with AI-assisted tools.

hai-studios.pages.dev/#arrival

What we produce

- Brand and hero commercials (60s, 30s, 15s, 6s)
- Dealership offer, inventory and event spots
- Social video packages: vertical, square, widescreen
- Openings, launches, events and venue films
- Property concept visuals (HAI Vision), labeled as concepts
- Loops for in-store, lobby and digital signage screens

Why HAI

- Cinematic scenes without a full film crew, permits or travel
- Every cut sized for where you advertise
- Local to Ashland and Richmond, available nationwide
- Honest AI labeling; real footage when the real thing matters

Ongoing programs

Monthly content programs are available for businesses that need fresh offers, events or social video every month. Scope and pricing are agreed in writing.

Who we work with

- Dealerships and auto groups
- Developers, builders and property companies
- Restaurants, breweries, wineries, hotels and venues
- Marketing agencies needing production capacity (white-label)
- Local and regional brands

How a project works

1. Short call on goals, audience and channels
2. Written proposal and quote, approved before billing
3. Production with your review and revisions
4. Delivery in every format you need
